SUBJECT: Bi-Weekly Activities Report # 8
1 - 14 April 1965

A. SIGNIFICANT ITEMS

W

1. This is the time of year when seniors and graduate students begin to make their employment decisions for June and thereafter. The better ones - the ones we are after - usually have alternatives, and all too often the firm offer that comes first is the one which is accepted. Thus the number of people we will get for our July class will depend to a significant extent upon the speed with which we can complete the clearance process and make firm commitments. We have had excellent support thus far from the Medical and Security Offices and we have no present problem; my raising the subject at this time is a precautionary step and not a complaint. We have enough cases in process to ensure a full class if we can make our offers within the next few weeks. In summary, as of today we have 15 firm EOD commitments for July; 50 to 60 cases are in the latter stages of clearance; and more than 100 cases are in process in which the applicant has indicated an availability date of 1 July or before. With reasonable luck we should be able to get the 75 we want, but our chances will be improved to the extent that the processing offices will give our cases all reasonable priority for expedited handling. We are in close touch with the Personnel, Security and Medical Offices on the situation and I think we will make our goal. However, I wish to point out that the timing is likely to be very close in a number of cases, and we will need all the processing priority we can get during the next six or eight weeks.
